

TRANSMIT: Metabolomics Workshop

Location: Biocrates Life Sciences AG, Eduard-Bodem-Gasse 8,
6020 Innsbruck, Austria
Time: 2018-12-03 to 2018-12-07

	03. December	04. December	05. December	06. December	07. December
09:00 – 12:00	<ul style="list-style-type: none"> Welcome Company profile/tour Safety instructions Lecture: Introduction to metabolomics (GDa) 	<ul style="list-style-type: none"> Lab course Grp 1: Sample measurements (MTh, AWi, FLo) Lecture Grp 2: Method development & Quantitation (GDa) 	<ul style="list-style-type: none"> Lab course Grp 1 +2: technical validation of measurements, export (MTh, AWi) Lecture: Statistics (Data pre-processing) (GDa) 	<ul style="list-style-type: none"> Exercise: Statistics (GDa) 	<ul style="list-style-type: none"> Lecture: Application of MS in Clinic and Biomarker Research (TKo)
	Lunch				
13:00 – 17:00	<ul style="list-style-type: none"> Lecture: Introduction to mass spectrometry (GDa) Lecture: Introduction to Assay and workflow (GDa) 	<ul style="list-style-type: none"> Lecture Grp 1: Method development & Quantitation Lab course Grp 2: Sample measurements 	<ul style="list-style-type: none"> Lecture: Statistics (Uni- and multivariate Statistics) (GDa) 	<ul style="list-style-type: none"> Lecture: Data interpretation (UMu, BWo) Lecture: Untargeted Metabolomics (SHe) 	<ul style="list-style-type: none"> Open issues and questions (planned end: 14:00)

Coordination:
